FORENSIC FILES VIDEO WORKSHEET

EPISODE TITLE: _____

Part 1: Use this sheet to help organize your thoughts as you are watching the crime. It represents your Detective's Notebook where you record all of the information presented. Later you can cross out information that was deemed non-essential or remove suspects that have been exonerated.

Suspect(s) & Victim(s): Be sure to include vital statistics (Age, Gender, Race, Occupation, etc.) as well as any other pertinent information that is presented.

Evidence: Include the forensic evidence that is collected and processed in the course of the investigation.

Miscellaneous: Use this space to record additional background information or Testimonial Evidence

Victim(s)	Suspect(s)
Evidence	Miscellaneous

Part 2: On the back- Write a summary of the victim(s), suspect(s), & evidence as the case progressed. Include what you felt was the most important piece of evidence and share your thoughts on why it was so vital to closing this case.
